I'm ok with the interview and site visit to Section 5.

Thanks for the offer but no kayaking for me :-\

Sounds good on the interview.

Always up for some kayaking!

Hi Eric -

I'm good with your interview, ...and thank you ! Regarding the Kayak adventure.....count me in !!

Take care.

Mark

Hey Team

2 items for you to consider.

1) I received a request from Lilli Tan (local news reporter) who would like to see Section 5. I would be happy to walk her in and show her the great work that has been done there but only if the unified command agrees and naturally if there are any restrictions I am happy to work with them. Also, totally fine with a no.

2) I am a kayak lead and instructor at Refugio and I have all the equipment for kayak tours of up to 12 people at a time. We provide training for even the most amateur paddlers (i.e. zero experience). It strikes me that members of the unified command might be interested in a different view of the beaches we have been cleaning. If you are interested, I would be happy to lead the tour and have some of my staff along to help out.

Any Monday, Tuesday, Wednesday or Thursday is doable. In the morning is best.

Cheers
Eric

I looked at the park bookings and the soonest I can set aside the group camp for this type of event is the first or second weekend of December.

This would facilitate a day event with camping for the participants (I had intended to do this with the cultural specialists anyway.)

I don't know if this is too far in the future for everyone but Bouchard Group camp is the most sought after group camp in California State Parks.

Is this something that the Unified command wants to be a part of or is this something that specific to the Chumash community? I can reach out to Mr. Pagaling and handle it internally or we can do this as part of the response. Either works for me.

Eric
